# OUR SERVICES

# AUDIT AND ASSURANCE

## Audit

*We look at audit as much more than just about attesting the numbers. Our audit process assures strong foundations for future aspirations. We get you prepared for the big changes so you're always ready to act ahead. We hold large experience in auditing in end-to-end automated environment.*

## Assurance services

*We help organisations through the complete lifecycle of a financial transaction. From governance and processes to technology and reporting, we enhance transparency, efficiency, compliance and financial integrity. We provide support in reporting under International Financial Reporting Standards(IFRS) or Indian Accounting Standards(Ind-AS) framework*

## Risk Advisory

*The only constant in this world is change and organisations need to adapt and respond to new risks and take advantage of new opportunities. Our Risk Advisory practice advises organisations on how to effectively mitigate risk and make informed and intelligent risk decisions. Our process control reviews involves evaluation of processes, identification of process gaps and regulatory compliance lapses alongwith recommendations to improve control frameworks and reduce risk exposure.*

# TAXATION

## Business and International Taxation

*Practical tax advice combined with our consistent tax compliance framework instils confidence that a consistent approach is followed. We help simplify tax management and oversight while providing visibility for making informed strategic decisions .*

*International Tax professionals offer services that help multinational companies align their tax strategies to their business, through a wide variety of compliance and advisory services.*

## Transfer Pricing

*Multinational organizations are operating in an environment of unprecedented complexity. The rising volume and variety of intercompany transactions and transfer pricing regulations, accompanied by increased enforcement activities worldwide have made transfer pricing a leading risk management issue.*

## Indirect Taxation

*With indirect tax becoming many governments' preferred method of revenue raising, and evermore complicated regulations focused on combatting fraud, it's more critical than ever to manage indirect tax compliance and cash flows. Our well informed professionals understand the nuances of regulations, the importance of deep industry knowledge and the growing role of technology.*

# DIGITAL ASSURANCE AND IMPLEMENTATION

*Automation and Digital Transformation is key for growth and sustenance of any business today. We provide support services in achieving this goal which can help reduce cost, identify key challenges and aid faster decision making.*

Assessment of the robustness of IT applications in line with business logic, data integrity/ access controls

Process Automation

ERP / Dashboard implementation support

Data analysis for decision making

SLA compliance audit

# BUSINESS AND TRANSACTION ADVISORY

## Business Advisory

*Advise private companies and family businesses, as well as entrepreneurs and high net worth individuals. We help to address the unique challenges faced throughout the business lifecycle, and unlock potential for growth and innovation.*

IPO and private equity consulting, including Pre issue preparedness

Business plan

- Valuation
- Due diligence

CFO services

Mergers & acquisition

Succession planning

*Succession Planning assumes paramount importance in*

*(a) personal wealth transfer to the kith and kin and*

*(b) family owned businesses.*

*We assist the family in conceptualizing succession plan in discussion with individual/family members to its finalization and actual implementation as well as Advising on different structures/vehicles including trusts, wills, HUF's, gifts, with its associated tax and regulatory implications*
